This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low-test, short-weight, adulterated powders. Sold only in cans. ROYAL BAKING POWDER CO., 116 Wall Street New York.

Mat. McCabe, of New Brunswick, Ill., offers to pay five dollars to any person troubled with bloody flux, who will take Chamberlain's Colic, Cholera and Diarrhoea Remedy according to directions and does not get well in the shortest possible time. One half of a 25 cent bottle of this remedy cured him of bloody flux, after he tried other medicines and the prescriptions of physicians without benefit. Mr. McCabe is perfectly safe in making this offer, as more than a thousand bottles of this remedy are sold each day and it has never been known to fail in any case of colic, cholera, morbus, dysentery, diarrhoea or bloody flux, when the plain printed directions were followed. For sale by G. C. Thaxter.

FOR SALE: Eight head of cows and heifers of fine breed, also one Jersey cow with calf. Apply at this office or to J. T. Savage, V. & T. R. R. j22 1w

**How Can Parents** allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

**Advice to Mothers.** Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

The wonderful progress of the building associations in the East is beyond precedent. In St. Louis one of these associations has a membership of 20,000, and controls nearly \$50,000,000 worth of property, which is divided among thousands of heads of families of small means, who would otherwise have been renting houses all their lives. Philadelphia has been for a number of years an example of the good effect of the building associations. Streets in that city are lined with homes of comparatively poor men, all paid for.

The Lassen Advocate of the 1st instant contains the following: The Honey Lake Reservoir and Irrigation Company held a meeting on Tuesday, at which it was arranged that work should at once be extensively increased on its system of reservoirs located on Susan river, West of Susanville. It is expected to complete at least one of them in time for use for the irrigation season of next year, and if the weather will permit all will be finished before that time. With this system it is confidently believed by those best informed on the subject that an abundance of water can be secured to irrigate all the lands now claimed in Honey Lake Valley by actual settlers. This we hope is true, for the fulfillment of that belief would create an era of prosperity never before experienced in this valley.

**MONBARS.**—There are but few better actors in this country than Robert Mantell, who is to appear at the Carson Opera House on Tuesday evening next in D'Eunery's great romantic drama, "Monbars." This is Mr. Mantell's first Western trip, and he is meeting with the success he so richly deserves. The Buffalo Courier says:

Robert Mantell scored a decided success in the production of "Monbars" at the Academy of Music last night. Long ago this manly actor won a warm place in the hearts of theater-goers here, and the large and representative audience that assembled to greet his new venture testified to the esteem in which he is held. The confidence of the house was well rewarded, for "Monbars" is in many respects a good and strong play, and Mantell is seen in it at the height of his powers.

**SERVED HIM RIGHT.**—At Truckee last Saturday evening about forty masked men took a man from the calaboose, who had been arrested for indecent exposure of person to a girl under 13 years of age, and who had tried to induce her to submit to his beastly proposition, and took him to the river, back of the Truckee Hotel, where they repeatedly suspended him by the neck, and finally concluded to spare the brute's life, but treated him to a liberal coat of tar and feathers, and ordered him to leave town at once, a suggestion which the fellow was not long in complying with. That town is said to contain an unusually large number of toughs of whom the people have concluded to get rid.

**MISTAKEN IDENTITY.**—Sheriff Butler of Placer arrived at Truckee, Saturday morning, with the man arrested in Mono county as Grimm, the murderer of Aippensbach. Men who knew Grimm were at the depot and unhesitatingly declared that the prisoner was not the man wanted, he bearing but a slight resemblance to the murderer. On this testimony the Sheriff released the subject.

The Shah has been having a lively time in London. He has kept his royal and noble host on the jump from daylight until after dark. He has taken in opera, theatre, ball, rout and race. And has been taken in by the eyes of thousands. The Persian King is quite worth looking at—that is his clothes and jewels are. At his official reception he wore a blue coat of clerical cut, piped with red and buttoned with jewels. Round his waist was a gold belt, the buckle formed by a single emerald the size of a peach. Such a belt puts Sullivan's recent capture quite out of sight.

**RIFLE MATTERS.**—The Carson Guard will be permitted to enter two teams for the prizes offered at the Caledonia picnic on Saturday next. The first team will be pitted against the Battery (or Virginia Rifle Association) and the second against the National Guard team. The first team will be composed of Thaxter, McCullough, Holbrook, Alley, Wilcox, Galusha, Daugherty, Saffell, Little and Hark. Second team—Raycraft, Parkinson, Maish, Richard, Cagwin, Heritage, Wiley, Dorsey, Thaxter, Jr., McInnis.

"There is corn in Egypt." Genesis, chapter XLII, v. 2. This is a phrase in very frequent use, employed to signify a superfluity of any thing. We use it here in reference to the large stock of shoes, groceries, dry goods etc., carried by Olcovich Bros. Bargains in shoes, await the early customer. The stock is complete in every style of desirable foot gear. Come early and often. 20 tf.

**What on Earth** Is the reason people will not, cannot, or do not see any difference in cheap nos trumps put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist.

**Black Bart Again.** St. Louis, Aug. 5.—It is given out on authority of the Postoffice Inspector, whose headquarters are in this city, that the famous bandit and train robber, Black Bart, was in St. Louis for ten days prior to last Friday, and it is suspected that he had something to do with, if he did not direct in person, the train robbery near Kansas City last night.

Bart took his meals at the Hotel Brunswick restaurant while in the city, and, according to the statements of the clerk of the hotel, he had cords of money, which he displayed ostentatiously, and lost no opportunity to surround himself with mystery. He did not give his name, however, nor say what business he was engaged in, but attempted to convey the idea that he was a far West farmer.

He ordered a large lunch at the restaurant Friday evening and said he intended to leave the city by the train, since which he has not been seen.

It is not known in what direction he went, but there is a strong disposition to connect him with the train robbers.

**Defeat of the Dervishes.** CAIRO, August 5.—General Grenfell, commanding the Egyptian troops, who defeated the Dervishes last Saturday, telegraphs that he has made a reconnaissance and found that the battle has completely wrecked the Dervish army.

Out of the force of 3000 men which Wad El Jumi took into battle on Saturday, only a few remain. These are being pursued by the Egyptian cavalry, and a column under Colonel Woodhouse has gone to Abu Bel to head the retreating Dervishes. Every Emin in the Dervish army save one was killed. The bodies of several hundred Dervishes and a large number of wounded, making 1000 in all, have been brought into Toski. The refugees are arriving at that town.

The Egyptian loss in the battle was seventeen killed and one hundred and thirty wounded. Three British soldiers were wounded.

**A Narrow Escape.** NEWPORT, R. I., August 5.—On Friday and Saturday the new cruiser Boston made what was expected to be her first trial in Narragansett bay. On Saturday evening while returning to her anchorage, she struck a rock at the southern end of Rose island and was badly damaged. Her double bottom and water-tight compartments saved her from sinking and she succeeded in reaching this harbor.

An examination made by divers showed that there was a jagged break in the bottom ten feet long and of an average width of three and a half inches. Wooden wedges will be driven in to partly close the gap and the ship will then be taken to the Brooklyn yard, where she will be put on the dry dock.

**Burke on American Soil.** ST. PAUL, August 5.—Burke, the Cronin suspect, arrived in this city in charge of Chief Hubbard of Chicago at 6:55 A. M. today, over the main Manitoba road. After the ordinary passengers had alighted, the train was run back into the yard, and the Burke party was quickly transferred to a Milwaukee car and attached to a Milwaukee train, which pulled out at 7:15 A. M. He was carefully guarded; no one was permitted to interview him or even see him. The report that he was chained to the floor of the car is regarded as a canard.

**Good News from Washington.** The following telegram was received Tuesday by Surveyor-General Jones from Land Agent Frohman at Washington, D. C.:

"Secretary of the Interior has approved lists seven and eight, aggregating 156,590 acres."

This means over \$9,000 per year more interest for the support of the schools.

**Cough! and Cough!! and Cough!!!** What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

## EAGLE MARKET.

Be f, Lamb, Mutton, Veal, Sausage, Etc

My facilities for purchasing good beef are second to none in the State, and customers can always be assured of the best in the market. This market was the first in this city to introduce the cold storage process, by which meats can be kept for weeks in the hottest weather. Our cold storage room is the largest and most perfect in the State.
